

SNO PUSHER PRODUCT LINE REFERENCE

At Pro-Tech we never stop working to craft the perfect containment plow. We stand behind each one of our products with pride and a commitment to quality. That's why all of our standard Sno Pusher models come with an industry leading **10 year warranty**. We use only the best materials and proven processes to make our Sno Pushers. When a winter storm hits you need products that are readily available, durable, and effective. As long as you keep pushing snow, we'll keep striving to bring you the best plows on the market.

Rubber Edge

- Perfect for wet, heavy snow
- Most versatile unit, can be used on multiple surface types
- Easy to use and maintain
- Surfaces sensitive to steel edges

Models for: 

Steel Edge

- Ideal for heavily trafficked properties with hard pack snow
- Can help reduce salt usage
- Unique poly hinge design offers more durability and less maintenance than some competitive steel edge plows

Models for: 

Pullback

- Pull snow away from loading docks, doors, and other tight spaces
- Option to pull or push snow gives operator increased versatility
- Can decrease or even eliminate the need to shovel or use smaller snow removal equipment

Models for: 

Foldout

- Allows for easy navigation of properties that have many obstacles
- Provides a "road-friendly" Sno Pusher to drive from site to site
- Can be fitted with hydraulics

Models for: 

Super Duty

- Use on large prime movers (4+ yard bucket capacity)
- Popular at airport and distribution centers
- Largest model can contain up to 57 yards of snow

Models for:

Low Profile Angle

- Allows for clearance of snow under parked trailers
- Efficiently discharges snow to the side
- Offset design allows for 6' of reach

Models for:

V Plow

- Clear snow from sidewalk and pathways
- Design splits and windrows snow
- Robust construction allows for miles of municipal sidewalk clearing

Models for:

Turf Pusher

- Clears snow from artificial turf and grass sports fields
- Glides over both turf and field covers to contain and stack snow
- Eliminate practice or game delays caused by snow

Models for:

Pro-Tech also offers a number of additional snow removal attachments including skidsteer snow blades, snow baskets, and snow pushers for forklifts. Ask your local dealer for more information.
